

I listen to K-Love FM radio while driving to and from work every day.

If more people would listen to K-Love as they drive, we would witness much less anger on our roads each day! No yelling talk show hosts, no sub-woofers spreading rap music for one hundred yards in each direction, etc.

There are all kinds of competing music stations, foreign language stations, talk shows, etc. THERE IS ONLY ONE K-LOVE.

Please do not allow any LPFM broadcasters to take this away.

Thank you for your service to our nation.
